

victoria + albert®

SIMPLE, DEEP AND
DOUBLE ENDED

*The Vetralla is a contemporary double
ended freestanding bath tub ideal for
the modern bathroom.*

BATHS

PRODUCT FEATURE

VOLCANIC LIMESTONE.
A SUPERIOR LONG-LASTING ALTERNATIVE TO CAST IRON AND ACRYLIC

A naturally superior bath: It may sound obvious, but not all baths are created equal. British brand Victoria + Albert are passionate about their unique Quarrycast® material, made from a finely ground volcanic limestone and resin mix.

Volcanic Limestone™ is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins.

This is formed when the elemental forces associated with liquid magma act upon surrounding soft, chalky limestone. The immense heat and pressure from the magma transforms the neighbouring rock into a new material made up of incredibly hard strands.

Victoria + Albert blends milled Volcanic Limestone™ with high quality resins to bind these strands into a complex 3D matrix. The finished result is Quarrycast® - a world-class composite with an exceptional strength-to-weight ratio.

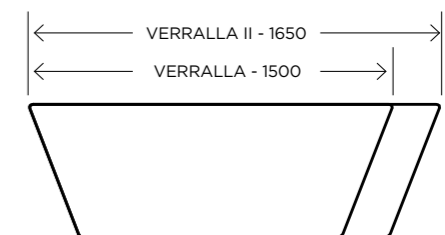

VETRALLA

A modern bath for a modern bathroom. Vetralla is deep and double-ended with generous volume.

AVAILABLE IN 2 SIZES

ELDON

Eldon is the creation of leading British Architecture and Interior Design Studio, Conran + Partners, who have applied their expertise learned through designing some of the world's top hotels and residences.

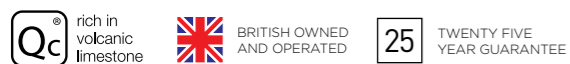

The contemporary back-to-wall bath is endowed with the curvaceous lines of a freestanding bath. A full width tap deck hides all waste pipework and a moulded upstand allows tiles to be easily installed.

At 1749mm long, it's the perfect bathtub for bathrooms large and small where clean lines and day to day practicality are equally important.

ELDON BATH
1749(L) X 850(W) X 600(H)
QUARRYCAST:
52097.10
\$7305

All pricing is GST inclusive. Terms and conditions apply. For more information visit ROBERTSON.CO.NZ

MOZZANO

A beautifully crafted rimless freestanding bath, designed with confident curves and ergonomic design, Mozzano delivers a strong architectural presence in compact bathroom spaces.

MOZZANO BATH
1644(L) X 743(W) X 495(H)
QUARRYCAST:
52066.10
\$5775

BARCELONA

The Barcelona is deep and curvaceous. Generous dimensions linked to ergonomic backrests make it a tub that must be experienced.

Refer to page 20 for Barcelona vessel basin.

BARCELONA BATH
 1785(L) X 870(W) X 554(H)
 QUARRYCAST:
 52081.10
\$7645

TERRASSA

Taking many of its design cues from Victoria + Albert's popular Barcelona tub, the Terrassa offers a new and exciting alternative. Its smart sculpted swage details on the inside of the tub create crisp, distinctive shadow lines. The rimless design is synonymous with Victoria + Albert's modern collection.

TERRASSA BATH
 1702(L) X 793(W) X 528(H)
 QUARRYCAST:
 51922.10
\$6235

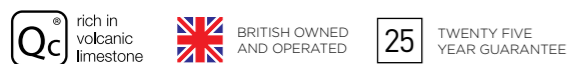

IONIAN

Following the success of the iOS tub, the Ionian is longer, providing a generous angle of recline for a fabulous soak. A distinctive variable width rim further enhances the subtle oval design.

IONIAN BATH
 1700(L) X 795(W) X 614(H)

Temperature

Temperature °C after 60 minutes:

QUARRYCAST®

Steel enamel

Cast iron

Unlike solid stone, Quarrycast® is warm to the touch, possessing superlative heat-retention properties.

More Comfortable

Warm to the touch

More Relaxing

Water stays warmer for longer

More Economical

Less water top-up

Quarrycast® surpassed alternative materials in laboratory tests on bath water heat retention, conducted by independent material testing experts, Lucideon*.

* Lucideon is an independent, international materials technology company that focuses on innovation, sustainability and quality assurance of materials. They are a UKAS accredited testing laboratory (No. 0013) in the UK and have Lucideon-approved laboratories around the world.
** IAPMO Research and Testing Laboratory provides full service, independent product testing at either their on-site laboratory (Ontario, USA) or at the manufacturer's facility.

External Paint Finish

Having a smooth exterior surface, Quarrycast® baths and basins are easy to decorate using either oil or water-based paints.

ELEMENTI FEATURES

End Waste

The Bella bath features an end waste, which is perfect for renovations and replacing an existing inset bath.

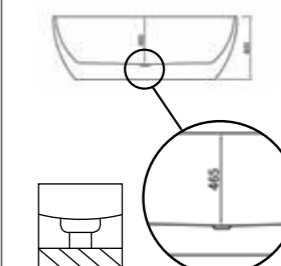

Square Back and Side Edge

The Otto bath features a square back and side edge allowing the bath to sit flush in a corner or against a wall.

Above-floor Wastes

All Elementi Freestanding Baths have above-floor wastes allowing for ease of installation.

Dupont Pure Acrylic

The Domani, Marzo, Bella and Otto baths are produced from 100% cross-linked nonporous casted pure acrylic from DUPONT USA and tested to a 350kg weight limit.
