

A WATERTIGHT CASE IN MORE WAYS THAN ONE!

ION MULTI PRESSURE SHOWER SOLUTION

The NEW Ion multi pressure shower mixer valve is enclosed in a fully waterproof casing that can be trimmed to suit the depth of the wall cavity. The easily installed casing also allows easy access to valve, cartridge and isolators for easy adjustment of hot and cold flow rates and maintenance.

WIN

Win 1 of 10 ION multi pressure shower mixers by emailing your contact details with the keyword "WATERPROOF" to marketing@robertson.co.nz
