

To maintain the appearance of the mirror surface, it is important to follow the Care and Maintenance instructions.

- To clean the mirror and/or mirror doors from any marks (toothpaste, cosmetics, etc), use a soft microfibre cloth, lint-free cloth or chamois leather that has been rinsed in warm water and wrung out well, and gently buff with a clean, dry cloth.
- Do not use glass or window cleaner or any other chemicals, as they may damage the silver coating and cause brown marks.
- Keep your mirror dry and wipe off any water, moisture or steam.
