TELAIO

SOPHISTICATED AND CONTEMPORARY IN DESIGN, TELAIO WILL ELEVATE YOUR BATHROOM. THIS COLLECTION TAKES INSPIRATION FROM THE TIMELESS SHAKER STYLE, KNOWN FOR ITS SIMPLICITY AND CLEAN LINES. BY COMBINING THIS CLASSIC INFLUENCE WITH MODERN ELEMENTS, TELAIO ACHIEVES HARMONY BETWEEN TRADITION AND STYLE.

TELAIO

CABINETRY MANUFACTURED IN NEW ZEALAND

Elementi cabinetry is manufactured in New Zealand, using high quality materials combined with superior craftsmanship to produce innovative and beautiful bathroom furniture of the highest standard that will last for years to come.

INTERNAL DRAWER FINISH

Coloured internal drawers take attention to detail that much further, giving you style inside and out.

SOFT CLOSE DRAWERS

All Pettine and Telaio vanities incorporate premium soft close drawers on a silent slide system.

ELESTONE FLAT TOP

EleStone is an Acrylic Premium Solid Surface providing a sleek modern appearance, a seamless surface coupled with non-porous and hygienic properties. Available in 12mm and 20mm options.

ELECAST

EleCast tops are a polymethyl methacrylate (PMMA) solid surface, offering a durable, nonporous, nontoxic environmentally friendly material made specially for bathrooms and wet areas. EleCast tops are drillable on site, giving you the choice of deck or wall mounted tapware along with position offset to the left or right.*

*Installer must allow room for tailpipes and hoses.

MOISTURE RESISTANT CABINETS

Elementi vanities are made from a moisture resistant board with protective edge tape applied for improved durability.

OPTIONAL CONCEALED DRAWER

An optional inner drawer provides additional storage for those smaller items, allowing you to completely de-clutter your bathroom.

Note: Not compatible with 440mm, 600mm and double stacked drawer versions.

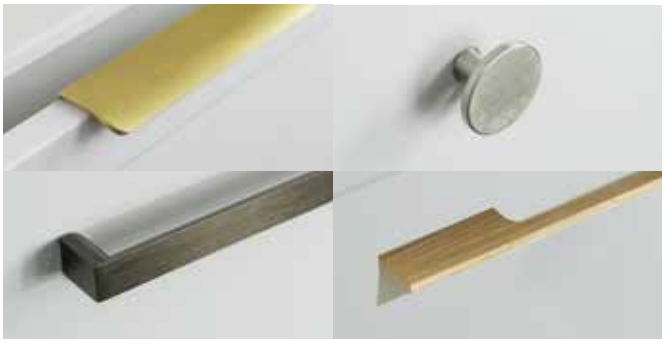

DURABLE THERMOFORM

Thermoform panels are made by wrapping vinyl film around the face and edges of an HDF MR drawer to provide a seamless, durable and moisture-resistant finish. Thermoform is chip resistant unlike a lacquer finish.

HANDLE OPTIONS

Telaio is available in multiple handle options with a modern profile handle, a classic D-handle, a minimalist round handle , provincial cup handles or timber handles. Pettine is available in the modern profile handle only. All handles come in multiple quality finishes.

FINISHES

Choose from an array of stylish finishes, from neutral colours to wood grain. Our Thermoform collection of vanities allows you the option to offer a real point of difference or seamlessly integrate into your bathrooms environment.

VANITY PACKERS

A 16mm vanity packer is available in all Pettine/Telaio finishes as an additional extra designed to fit the gap beside the vanity and the wall when installed against a corner.

CODE: 84899 + FINISH

GUARANTEED QUALITY

Elementi Cabinets, EleCast, Vitreous China & Polymarble Tops carry a 5 Year Cabinet Guarantee and a 10 year EleStone Top Guarantee.

*All guarantees are subject to terms and conditions and available on request or can be viewed at: www.robertson.co.nz/warranties

ELECAST TOPS

EleCast tops are a polymethyl methacrylate (PMMA) solid surface, which is a resin and aluminium hydroxide mix. Offering a durable, nonporous, nontoxic, environmentally friendly material made specially for bathrooms and wet areas.

EleCast tops are drillable on site, giving you the choice of deck mounted or wall mounted tapware.
