Azuley

Soft & Cosy

At Cersaie 2014 The. Artceram presented new collections by Meneghello Paoletti Associati including the Azuley collection.

A complete collection of wash basins and sanitary ware in the neoclassical taste, characterized by plump shapes and round contours.

The wide edge and the curved lines recall the elegant and dynamic style of the '50s. The soft lines of ceramics are combined with round elements, such as mirrors and lighting fixtures. Both the wash basins and sanitary ware are characterized by deep, soft and cosy bowls.

ZUCCHETTI.

ON is the expression of the highest design and production ability of a company with 85 years of experience in the creation of quality products.

In terms of shape, ON sees the union of a cylindrical body with a rectangular section spout. Its distinctive slender lever curves downwards, following the angle of the spout.

The magic minipool

The highlight of the new Zucchetti.Kos outdoor collection is the Minipool, an overflowing bathtub for the home which is described as the first overflowing rim Minipool, available in either a free-standing or built-in version.

Designed by Ludovica+Roberto Palomba, the round shaped Minipool has absolute geometrics that gives it an elegant sculptured look. Built with methacrylate and reinforced with fibreglass, Minipool's hollowed base design makes it look more like a shape suspended in space with the large band around the edge of the Minipool blending perfectly with the waters surface.

Originally designed for outdoors, Minipool takes the exceptional comfort and the award winning Kos quality outside and is fitted with a special circular seating bench for up to 5 people.

Total well being of the senses is guaranteed with underwater LED lights and a Hydro-Massage system that automatically adapts to suit the user's needs, with variable massage intensity and individually adjustable jet direction and flow options, ranging from soft to rapid, rotating and linear.

Blending inside with the outside, the new Zucchetti.Kos outdoor collection offers all-round well-being.

The perfect place to relax!

MATAKAURI OWNER'S
COTTAGE – QUEENSTOWN

Architecture by Sumich Chaplin Architects
Interior design by Virginia Fisher

Matakauri Lodge is an alpine lakeside retreat nestled on Lake Wakatipu in one of New Zealand's most beautiful landscapes.

It has been recently expanded with the addition of the owner's cottage, superbly positioned to offer uninterrupted lake and mountain views.

Spectacularly located on the main balcony is a private Minipool by Zucchetti.Kos, the perfect place to relax after an adventurous day out experiencing all that the Queenstown region has to offer.

Blair Green of the award-winning Sumich Chaplin Architects, has designed a luxurious and sophisticated living environment that befits this lodge and makes the utmost of its magnificent location.

Stunning interiors have also been unveiled within Matakauri Lodge, thanks to celebrated New Zealand Designer Virginia Fisher. She has created a crisp, clean aesthetically pleasing environment, bathed in natural light. Both the main lodge and guest accommodation offer a contemporary casual style, with touches of glamour. An emphasis on natural materials, complemented by warm colours and textures, reflect the beautiful alpine environment.

Amiata

The Amiata freestanding bath, designed by Meneghello Paoletti
Associati provides elegant proportions with organic curves.
Amiata works perfectly in both traditional and modern spaces.

Business mentality based on a "made in Italy" concept, social responsibility, care of details and respect for relationships with its interlocutors: these are the fundamental values of Artceram's production strategy and growth policy. Enhanced production lines, revised working hours to improve workers quality of life, use of nanotechnology and water-saving raw materials that are extremely pure are the factors that lead to the making of high-quality products. Elegance and technological research, design and respect for manual work characterize Artceram trend-making products.
