HYGIENIC RIMLESS DESIGN

There are no hard to reach areas with the new rimless design allowing easy cleaning with a single wipe.

Normal rim traps germs and bacteria.

Rimless with no hard to reach surfaces.

HYPERJET FLUSHING

The innovative design of the Elementi Assist II toilet projects a jet of water rather than the traditional flushing mechanism where water pours down the rim. Through the powerful delivery of water maximum cleaning of the inner bowl is achieved.

10 YEAR GUARANTEE*

Without exception Robertson products are guaranteed to meet or exceed the standard requirements for the New Zealand building code. For your peace of mind Elementi Toilets also come with a 10 year guarantee*.

E-GLAZE TECHNOLOGY

Exclusive to Elementi, E-Glaze offers 5 layers of antibacterial glaze, reducing the accumulation of germs and bacteria.

EFFICIENT INSTALLATION

Installation is efficient thanks to clever design, a variable range of set outs and the inclusion of Angle Stops.
