GROHE THERMOSTATS

PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

GROHE TURBOSTAT

**ALWAYS THE RIGHT TEMPERATURE,
FOR ULTIMATE CONVENIENCE AND SAFETY.**

GROHE TurboStat technology lies at the heart of our thermostat. The thermoelement unrivalled sensitivity means it delivers water at the desired temperature within a fraction of a second – and keeps it constant for the duration of your shower. No more time and water wasted getting the temperature right. And if the cold water supply fails, it reacts instantly: hot water will shut off automatically to avoid the risk of scalding.

GROHE COOLTOUCH

SAFETY FIRST WITH 100 % GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100 % GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

THE SPRAYS

RAIN SPRAY

Wide and luxurious – a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

GROHE RAIN O² SPRAY

A soft, smooth spray based on our original Rain Spray. Water drops are infused with air for a wide and fuller spray.

ACTIVERAIN SPRAY

Innovative spray to loosen up tense muscles or rinse shampoo out of your hair.

SMARTRAIN SPRAY

All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

JET SPRAY

A focused circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

PURE SPRAY

The name says it all. A soft stream of pure water delivered from the centre of the shower head – reminiscent of a fresh, mountain spring.

ENJOY VARIETY – REJUVENATION OR RELAXATION?

Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood – Normal, Champagne spray, Pure, Jet, Rain or Massage – you're guaranteed

that it will be an all-over exhilarating experience. The new sprays, GROHE PureRain spray, GROHE Bokoma spray and ActiveRain spray, are just the latest examples of GROHE DreamSpray technological innovation.

MASSAGE SPRAY

A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

BOKOMA SPRAY

Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

TRIOMASSAGE SPRAY

The combination of the renowned Bokoma spray and two Massage sprays gives you a head and shoulder massage in one combined spray.

WATERFALL SPRAY

An extra wide spout creates the sensual pleasure of a waterfall in your own bathroom.

DRIZZLE SPRAY

Revitalizing cool water mist acts like a fresh sea breeze.

CHAMPAGNE SPRAY

Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

GROHE RETRO-FIT SHOWER SYSTEM

From head shower to luxurious shower system.

Ideal for retrofit or renovation, the GROHE Retro-Fit Shower System transforms an existing head shower installation into a luxurious shower system with a head shower plus the added convenience of a hand shower – both featuring GROHE DreamSpray® technology, which guarantees perfect water distribution to every nozzle.

Mounted on a long horizontal 450 mm swivel shower arm and connected via a ball joint, the Euphoria 180 head shower can easily be positioned at the optimum angle. The Euphoria 110 hand shower can be adjusted in height via the gliding element and features three spray patterns.

The upgrade is quick and easy to install. Simply replace an existing shower arm –no need to change the tiles or alter any in-wall plumbing.

Once installed, the GROHE Retro-Fit Shower System is also easy to use: six possible positions on the diverter allow you to choose your perfect setting for hand or head shower, mixed or Eco sprays.

A renovation upgrade without the renovation price tag.

DESIGN THAT CARES

Good design should be instinctive to use, with form and function marrying perfectly to create objects that make you feel instantly at home. Our design for the new GROHE Sensia Arena is pure and fuss-free. We've designed it with clean lines that leave dirt nowhere to hide, its smooth shape a model of discreet elegance. It includes details that will give you a subtle sense of comfort, from the nightlight that guides you through the bathroom after dark to the automatic open and close feature of the lid, each one carefully thought out to make you feel looked after and secure. For its sleek silhouette to its technologically advanced finish we believe that with the Sensia Arena we've set the benchmark for the future of personalized, clean comfort.
