

GROHE THERMOSTATS

PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

GROHE TURBOSTAT

**ALWAYS THE RIGHT TEMPERATURE,
FOR ULTIMATE CONVENIENCE AND SAFETY.**

GROHE TurboStat technology lies at the heart of our thermostat. The thermoelement unrivalled sensitivity means it delivers water at the desired temperature within a fraction of a second – and keeps it constant for the duration of your shower. No more time and water wasted getting the temperature right. And if the cold water supply fails, it reacts instantly: hot water will shut off automatically to avoid the risk of scalding.

GROHE COOLTOUCH

SAFETY FIRST WITH 100 % GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100 % GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

From head shower to luxurious shower system.

Ideal for retrofit or renovation, the GROHE Retro-Fit Shower System transforms an existing head shower installation into a luxurious shower system with a head shower plus the added convenience of a hand shower – both featuring GROHE DreamSpray® technology, which guarantees perfect water distribution to every nozzle.

Mounted on a long horizontal 450 mm swivel shower arm and connected via a ball joint, the Euphoria 180 head shower can easily be positioned at the optimum angle. The Euphoria 110 hand shower can be adjusted in height via the gliding element and features three spray patterns.

The upgrade is quick and easy to install. Simply replace an existing shower arm –no need to change the tiles or alter any in-wall plumbing.

Once installed, the GROHE Retro-Fit Shower System is also easy to use: six possible positions on the diverter allow you to choose your perfect setting for hand or head shower, mixed or Eco sprays.

A renovation upgrade without the renovation price tag.

GROHE STICK SHOWERS

MINIMALISM IS AN ONGOING TREND IN THE BATHROOM.

GROHE stick hand showers and shower sets are perfect for installing next to the bathtub, in a minimalist, tailor-made shower, or just as a shower set to enjoy a refreshing GROHE shower in today's stylish bathrooms.

All GROHE hand showers feature an inner water guide that prevents the radiant GROHE StarLight chrome finish from cracking and ensures it's never too hot to handle. This is a real plus when using very hot water to clean the bath.
