ELEMENTi®

‘LENTE’ ITALIAN FOR LENS,
DRAWS INSPIRATION FROM THE
SHAPE AND TEXTURE FROM
ONE OF PHOTOGRAPHY’S
GREATEST ASSETS, THE CAMERA
LENS. WITH ROUND HANDLES,
INCORPORATING A DELICATE
VERTICAL KNURL, MINIMALIST
ELEGANCE MEETS FUNCTIONAL
BRILLIANCE. PAIRED WITH A
GRACEFULLY CURVED SPOUT,
THE SMOOTH LINES AND SUBTLE
CONTOURS REDEFINE MODERN
SOPHISTICATION.

EACH PIECE IS CRAFTED WITH
PRECISION AND CARE, ENSURING
A PERFECT BALANCE BETWEEN
STYLE AND PRACTICALITY. IDEAL
FOR THOSE WHO APPRECIATE
THE BEAUTY OF SIMPLICITY
AND SEEK A SOPHISTICATED,
FUNCTIONAL ENHANCEMENT TO
THEIR BATHROOM.

Colour according to the Flaminia philosophy

Behind each product there is not only the intent to enrich, but the desire to experiment with the ceramic material to open a path for the design of the future. With the combination of machine perfection and human skills, this philosophy gives shape to sculptures-products caressed by light that express character, personality and a new bathroom aesthetic.

Excellence in Italian ceramics

For 70 years Ceramica Flaminia has been producing creative ceramic sanitaryware under the guidance of art director Giulio Cappellini, with contributions from renown international designers. Innovation, quality and research make the Flaminia brand one of the most prestigious examples of Italy's refined craftsmanship.

PROJECT
OMANAWA FARM HOUSE

ARCHITECT
JMAC ARCHITECTURE

DESIGNER
SOPHIA COLE / YELLOWFOX TAURANGA

ORGANIC TEXTURES AND EARTHY TONES

Set amidst the vast, tranquil landscape of a stunning farm in Omanawa, this exquisite home showcases an interior design by Yellowfox Interiors that beautifully embraces nature. The space is enriched with a variety of organic textures and earthy tones, inspired by the natural world. Subtle shades of green are woven throughout, establishing a soothing atmosphere while providing a harmonious contrast against the warm wooden finishes and deep, smoky browns and blacks that define the home's overall aesthetic.

E-BIDET SMART TOILETS

INTEL

INTELLIGENCE REDEFINED

The latest E-Bidet Smart Toilet, Intel redefines bathroom luxury with its innovative features and stylish design. It offers customisable water temperature and pressure, as well as personalised cleaning modes for an exceptional user experience. Its sleek aesthetic complements any decor, while durable materials ensure long-lasting performance.

Features like customisable front and rear cleansing options, oscillation, pulsating massage, and adjustable aerated water are easily controlled with a simple dial.

Ideal for those with restricted movement, the E-Bidet simplifies the cleaning process, offering comfort and confidence.

It includes four levels of adjustable warm air drying and a foot sensor that allows the seat to lift without hand contact. An LED screen displays essential information, while the rimless design allows for easy cleaning.

Intel's double filtration system removes impurities, and an activated carbon filter helps reduce odours. The intelligent remote control provides quick access to all features, and the unit is tested to support up to 250kg. Even without power, the bidet remains functional, though water temperature adjustments won't be available.

Additional features include nano anti-bacterial glazing and an adjustable heated seat. A built-in night light enhances safety by illuminating the toilet bowl. With four unique cleaning modes – Feminine, Hip, Mobile, and Massage. Intel offers a customizable experience for every user. Its easy installation and maintenance make it a perfect choice for any household, and it's designed specifically for New Zealand homes, fully compliant with safety standards.
