due [dù·e]

The Elementi Due collection seamlessly blends modern style with practicality, making it an ideal choice for any bathroom or kitchen. Crafted from premium grade 316 stainless steel, Due is built to endure, resisting both indoor and outdoor elements while retaining its sleek, polished look for years.

Its contemporary design elevates any space, adding a sophisticated touch that complements a variety of interiors. The advanced plating process ensures a flawless finish that stands up to daily wear and tear, maintaining its shine over time. Thanks to its innovative valve technology, specifically designed for New Zealand's conditions, Due guarantees smooth, reliable operation.

Lead-free and meeting international safety standards, Due also features cutting-edge cartridge technology for precise, effortless control. With a 10-year guarantee, you can count on its long-lasting performance, while the coloured finishes are backed by a 5-year protection plan.

SARAH FOOTE DESIGN

ELYSIAN

GRACEFUL & TIMELESS

Designed by award-winning Crosson Architects, Elysian is the result of impeccable design craft, resulting in timeless architecture of elegant proportions.

A key hallmark of timeless architecture is its ability to endure, in part, owing to the quality of its foundational materials. At Elysian, quality is expressed through a sophisticated and elegantly restrained material palette. Stone, is the hero of the building, chosen for its raw charm and integrity. The stone is paired with sleek black metal and bronze joinery, providing contrast and lustre to the building's exterior.

The design showcases premium materials and specifications, combined with optimal building orientation, culminating in a structure that is not only aesthetically captivating but also remarkably energy-efficient.

The interior design by Sarah Foote is elegantly restrained and flawlessly executed: integrated appliances, textural finishes, and subtle design features using the highest quality of materials. It's these thoughtful details that elevate your home, allowing you to luxuriate in comfort and enjoy living with ease.

The bathrooms at Elysian go well beyond practical function – they're the perfect retreat, designed for optimum relaxation. Every detail works to stimulate the senses through a seamless interplay of textures and lighting: a soft wash of light from concealed LED strips makes the vanity and mirror cabinet float from the natural stone adorning the walls and floor; thick stone top on the double vanities and freestanding baths project quality and decadence. And finally, small gestures – like the vanity trim and the fluted glass screen – are refined details that will make this one of your favourite rooms in your home.
