HOTEL
GRAND WINDSOR

BEST NEW HOTEL BOUTIQUE HOTEL AWARDS

An Auckland hotel has been recognised among the best in the world, taking the title of "Best New Hotel" in the prestigious Boutique Hotel Awards.

Auckland's Hotel Grand Windsor, MGallery by Sofitel received the award at the ceremony in London and also took out top honours as Australasia's Best New Hotel and Australasia's Most Inspired Design Hotel.

Located in a heritage art deco building on Queen Street that was considered Auckland's first skyscraper, hotel's designers used the original 1920s architecture as an aesthetic foundation for its relaunch.

Judges commented on the hotel's outstanding design, attention to detail and customer experience. "The design was beautiful, elegant, understated and calming. It felt a world away from the hustle and bustle of the central city, it was amazing how you could just step away from it."

During its redevelopment, the property was transformed from a three-star hotel to a five star-hotel, boasting a bespoke range of rooms.

BARCELONA OVAL OPULENCE

An opulent oval shape and generous dimensions make the Barcelona II and III a freestanding bath that must be experienced.

BARCELONA II BATH

1698(L) X 806(W) X 535(H)
QUARRRYCAST:
52086.10

BARCELONA III BATH

1792(L) X 865(W) X 552(H)
QUARRRYCAST:
52083.10

A new feature of the Barcelona II is a void space underneath the bath for waste plumbing and P-Trap installation (depending on trap height). A reduced internal depth also allows for easier transfer in and out of the bath, makes bathing children effortless, and requires less water to fill.

AVAILABLE IN 2 SIZES

VOLCANIC LIMESTONE. A SUPERIOR LONG-LASTING ALTERNATIVE TO CAST IRON AND ACRYLIC.

A naturally superior bath: It may sound obvious, but not all baths are created equal. British brand Victoria + Albert are passionate about their unique Quarrycast® material, made from a finely ground volcanic limestone and resin mix.

Volcanic Limestone™ is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins.

This is formed when the elemental forces associated with liquid magma act upon surrounding soft, chalky limestone. The immense heat and pressure from the magma transforms the neighbouring rock into a new material made up of incredibly hard strands.

Victoria + Albert blends milled Volcanic Limestone™ with high quality resins to bind these strands into a complex 3D matrix. The finished result is Quarrycast® - a world-class composite with an exceptional strength-to-weight ratio.

Princess Nouveau

A TRADITIONAL ITALIAN
COLLECTION FOR A TRULY
AUTHENTIC PERIOD STYLE

Since the turn of the millennium Victorian design has had something of a resurgence, offering a refreshing alternative to the sleek lines of minimalism and mid-century modern.

Available in both a Chrome and Brushed Nickel finish, the classic elegance of the Princess Nouveau collection, with its softly rounded styling and ornate, period detailing, makes it an ideal choice for capturing the essence of the Victorian past.

Manufactured in Italy, the home of design excellence, Princess Nouveau combines traditional skills with advanced production techniques and high quality materials, offering a comprehensive ten-year product guarantee and two year guarantee on the Brushed Nickel finish.

BRONZE IS BACK

In line with the current preference for mixing and matching materials in the bathroom and with the trend for metals and special finishes currently dominating bathroom design, the Monroe vessel basins offer two distinctive bronze finish options – Satin Zanzibar and Satin Nickel. These alternative metallic finishes can be easily incorporated into any kind of setting, making a bold statement in a way that has not been possible before.

GENIE

PLEASURE AT ANY PRESSURE

*American
Standard*

AMERICAN STANDARD has launched the award-winning Genie pressure booster hand shower to cope with low water pressure situations.

Unlike other hand showers in the market, the back cover of the Genie is designed to be easily detached for cleaning and simple removal of any slime or mineral deposit build up.

Genie is the epitome of modern simplicity in its design. Made of polycarbonate for durability, it is available in three colours – aquamarine, petal pink, and steel grey.

PETAL PRESSURE WATER FLOW

Micro pin holes ensure robust yet gentle water flow (petal pressure) even when using low pressure.

HAND SHOWER BODY

Uniform white semi-gloss finish with rounded edges for a modern look and ease of use.

UNIVERSAL OPENING SYSTEM

Key lock system for easy clean access and a secure fit during use.

BACK COVER

Removable transparent cover to allow for easy clean access

TRANSPARENT FACE PLATE

Made out of frosted plastic to allow clean water to be visible as you shower.
