AUCKLAND'S NEW LUXURY RESIDENCE

# THE INTERNATIONAL

SANCTUARY GROUP

*The International is an apartment building of rare quality. Wrapped in an iconic exoskeleton with a restored historic façade in the heart of the city.*

*Apartments feature a three-metre stud and luxurious, contemporary fittings.*

*With a range of amenities more commonly found in a five-star hotel, it is a residence for those expecting the best.*

# PAN

Design **Ludovica+Roberto Palomba**

“The Pan collection is our interpretation of the basic cylinder type single lever mixer, which begins with classic archetypes and goes on to develop completely original aesthetics and new types of taps. We focused our attention on the joint between the vertical and horizontal elements: as in nature there are no cuts and weldings, so that the spout and handle are derived from the body of our tap, through a soft connection, designed like the trunk of a tree, according to exactly the same smooth logic found in the graft between the trunk and the branch of a tree.”

**ZUCCHETTI.**

# JINGLE

"Compact and squared, user-friendly and on-trend, Jingle is a modern project, because it is simple and immediate. We wanted a pure object, where even the construction detail of a pipe or a chamfered edge, in the right proportions, expressed design. With a rather "Castiglioni-like" simplicity, Jingle is a young object in every sense."

# EasySET Exposed

For Ultimate  
Showering Convenience

EasySET Exposed is the latest thermostatic (auto temperature) mixer by American Standard. It maintains the correct balance of hot and cold water based on user's preset temperature. You no longer need to waste time and precious water fiddling with the lever to achieve that perfect water temperature!

## COMFORT. SAFETY. ECO-FRIENDLY.

EasySET Exposed Thermostatic (Auto Temperature) mixer maintains the correct balance of hot and cold water based on user's preset temperature. It will react - within a fraction of a second - to any changes in the water pressure or temperature by automatically re-adjusting the ratio of hot and cold water so your water temperature stays consistent throughout the entire shower.

You no longer need to waste time and precious water fiddling with the lever to adjust your water temperature every time before you shower or get scalded (or at least a rude shock) when your family member uses cold water in other parts of the house.

Also thoughtfully designed for your comfort and convenience, the extra space on the mixer provides space for toiletries with side hooks to hang other accessories.

## FEATURES

### THERMOCOMFORT

Pamper yourself with a shower at a constant and comfortable temperature even when cold water is used elsewhere in the house.

### THERMOSAFE

For homes with children and elderly, prevent accidental scalding with the safety temperature control that caps water temperature at 49°C and shuts off when cold water supply fails.

### COOLSHIELD

As an added precaution, the faucet body has been designed to stay cool at all times, preventing any instances of accidental scalding.

### PUSH & TURN

Dial adjusts water volume easily and offers daily convenience at the push of a button.

ALSO AVAILABLE  
**EASYSET CONCEALED**

If you plan to have a hand piece, slide shower, overhead shower and body jets all in one bathroom, the EasySET concealed solution gives you the flexibility to configure your dream showering experience.

**EASYCLICK**

With a simple push of a button, you can easily switch between 3 spray functions for an indulgent shower of your choice.

**EASYGLIDE**

No more fumbling moments with a slider that allows you to adjust its height in just one fluid twist-and-go movement.

**SWIVEL BATH SPOUT**

Simply hide away the bath spout for more space flexibility and safety in the bathroom.

**PUSH. TURN. ENJOY.**

Be in total control of both the temperature and volume of the water to create your own perfect shower.

*American  
Standard*

# Imagine.....

At Robertson bathware we import Europe's most innovative bathroom products. But we do more than that - we keep connected with the latest trends and inspiration, giving our home-grown architects and designers the opportunity to put their own spin on the very latest designs. 'Imagine' features a sample of such reinventions in bathroom design.

ZUCCHETTI.

**SUSPENDED  
SCULPTURES**

KAOS

SPECIFICATION ONLY.  
CONTACT ROBERTSON  
FOR AVAILABILITY.

*Kaos is a collection of suspended sculptural bathtubs seemingly shaped by the weight of the water for design-oriented contemporary living. Through a sophisticated engineering solution the mechanics are concealed under the rim of the bathtub conveying a new visual impact that has won Kaos worldwide recognition as an icon of bathroom design.*

**GROHE PLUS -  
ACCURACY  
THAT GOES  
BEYOND DESIGN**

*Imagine a bathroom that offers not just sleek, cutting-edge, bold design, but also confidence and control. Where you can tell water temperature at a glance and switch water flow with just a swipe of your hand. A room where nothing is left to chance, where form delivers function in a sleek, tactile package. With the new GROHE Plus you can make it a reality.*

*This innovative range puts control and convenience in your hands. The GROHE Plus range includes faucets with a temperature display, so you will know the exact water temperature at all times. Plus also offers a new level of ergonomic comfort and practical function with its pull-out and swivel spout variants presented in a silhouette of architectural strength and elegance, with surfaces so sleek they invite interaction.*
