RAINSHOWER® ICON

The ultimate style statement. Offered in a palette of 12 colours, the GROHE Rainshower® Icon Showers are an easy and quick way to renovate a bathroom. They take the award-winning halo-shaped design of Rainshower® Icon to the next level.

Why stick with convention when you can have a design that is truly inspirational? A design that challenges the norm and takes a fresh look at how people interact with their showers.

Moreover, we've incorporated water-saving technology right at your fingertips so you can switch from the Rain Spray pattern to Smart Rain – the same exciting pattern but with a soft, reduced flow. It's as simple as sliding the EcoButton on the handle to reduce water consumption by 40%.

Led by Mr Alberto Brunelli – THE ARTCERAM has achieved both Italian and worldwide success as an iconic company that produces real culture.

Fresh, ambitious and original products, formed by the spirit of innovation and developed by celebrated Italian designers with an uncompromising love for objects of beauty.

Designed by Meneghello Paoletti Associati, the Cognac and Ghost washbasins are characterized by a minimalist design applied to various shapes and sizes. A very thin-rim highlights the concept of elegance and lightness, while a new array of colours will deliver a wave of freshness to your bathroom.

Now available in new colours including orange cameo, blue sapphire, red coral, yellow zync and grey olive.

Sofitel Hotel Wellington

Sofitel is a premium hotel brand for the French company Accor. The project was envisioned as a 5 Star Sofitel hotel and to this end the design had to reflect the brand parameters of Sofitel – French, classic with a sense of place and a link with France.

The Sofitel is located near the Botanic Gardens provided the design theme and inspiration. The interior concepts were further developed to reflect the botanic theme through the Bar, Restaurant, Reception, Premier Suites and rooms.

The hotel today is comprised of a number of different boutique hotel rooms, premiere suites and a small conference facility with bar and restaurant. The rooms are comprised of standard and executive suites with each of the suites having unique bathrooms suited to a five star property. The public bathrooms reflect the botanic theme prevalent throughout the property.

A black and white bathroom is a contemporary and classic style choice.

Black and white are perfect together - black absorbs, while white reflects - which is why this combination is such a great choice for creating a real impact in your bathroom. Black and white also works well in a functional space, like a bathroom, where bold angles and clean lines tend to dominate.

The latest collection of Project black accessories from SONIA will help you achieve that monochrome theme.

Manufactured in Spain, SONIA is one of the world's leading names in bathroom products. Each SONIA range proudly displays the latin flair of its heritage. Original. Expressive. Confident. Sonia's design team strive relentlessly to create beautiful, individual objects that are of the highest standard. Their creative passion is matched by an obsessive commitment to quality in construction and materials. From the durability of the fixing points to the flawless finishes
