You & Me

The You & Me bathroom marker is a charming bathroom door marker for residential and commercial bath spaces alike. Made from a premium glossed ceramic, this simple yet striking door identifier will add luxury to any space. Designed to identify bathrooms that are suitable for men, women, unisex and accessible use.

Influenced by Bauhaus

Sharing the same ideals as the influential Bauhaus design movement – that form and function should work together – the Bauhaus range from GROHE fuses bold design and high-quality materials with the latest German manufacturing techniques at competitive price points.

GROHE faucet and shower collections fuse high-end design with the latest technology and advanced manufacturing techniques.

A wide choice of designs ensures compatibility with all styles of interior and all types of basin.

To help you choose the fittings best suited to your preferred interior style, GROHE has identified three style segments:

Cosmopolitan, Contemporary and Authentic, each with a distinct look and feel. From the geometric lines of BauEdge to the softer aesthetic of BauClassic, there's a collection to meet your requirements and enhance your bathroom.

Each collection features a range of faucets for the basin, bath and bidet and is completed by a choice of shower solutions. This comprehensive offering ensures style continuity throughout the bathroom, enabling you to create a space that is aesthetically pleasing and comfortable to use.

CLOSER

A CHILD WHO DOES NOT PLAY IS NOT A CHILD, BUT THE MAN WHO DOES NOT PLAY HAS LOST FOREVER THE CHILD WHO LIVED IN HIM.

PABLO NERUDA

With an aesthetic of a lamp featuring the shower head as the shade, the Closer shower designed by Diego Grandi, breaks all design boundaries.

Classically simple

Functionality is combined with a classically simple design aesthetic. The compact, smooth sided toilets feature the Ellisse MKII curved profile and L'Hotel straight-edge design, complete with the impressive new PARISI slim lift-off soft close seat for an elegant finish.

Side Projection Rimless Flushing System

The innovative design of the PARISI Ellisse MKII rimless toilet projects water rather than the traditional flushing mechanism where water pours down the rim. Through the powerful delivery of water and open rim design, maximum cleaning of the inner bowl is achieved whilst preventing water to splash over the edge.

Slim Soft Close Seat

A heavy grade, slim soft close seat with polished stainless steel lift-off hinges.

Easy Clean

Easy clean is a powerful technology applied to ceramic. Active silver ions are baked into the ceramic glaze, dramatically decreasing the build-up of bacteria and reducing the need for harsh cleaning products.

Anti-Bacterial and UV Finish

An anti-bacterial glaze inhibits growth of odour-causing bacteria, providing you with a hygienic and fresh bathroom environment. Its anti-bacterial effectiveness lasts as long as the lifetime of the product.
