EURODISC JOY BATHROOM DESIGN THAT GIVES PLEASURE

*Pure Freude
an Wasser*

The purest pleasure. Eurodisc Joy returns vitality, dynamics and creativity to your bathroom and infuses it with a reviving lightness. Designer features in the range are reflected in the many small details in the fittings and ceramics to create a vision which will bring pure enjoyment each and every day.

For high standards in comfort and design. The graceful joystick lever is the exceptional feature in this bathroom range. It is available in Moon White and Chrome finishes, among others, and comes as a wall-mounted product or in many other variations.

RAINSHOWER® ICON

THE ULTIMATE STYLE STATEMENT

Offered in a palette of 12 colours, the GROHE Rainshower® Icon headpiece is the ultimate style statement. GROHE have taken the award-winning halo-shaped design of Rainshower® Icon to the next level. Why stick with convention when you can have a design that is truly inspirational? A design that challenges the norm and takes a fresh look at how people interact with their showers. Moreover, the GROHE Rainshower® incorporates water-saving technology right at your fingertips so you can switch from the Rain Spray pattern to Smart Rain – the same exciting pattern but with a soft, reduced flow. It's as simple as sliding the EcoButton on the handle to reduce water consumption by 40%.

ZUCCHETTI.

The Lamborghini
of bathroom fittings

The finest Italian design by ZUCCHETTI tapware. Often referred to as the Lamborghini of bathroom fittings, ZUCCHETTI has evolved from the core value of constant innovation established by grandfather Alfredo 85 years ago.

 Made in Italy

SUN

The Sun collection is the epitome of basic design, built around a clever play of circular shapes and reflective surfaces, made with attention to detail, and at home in any environment.

WIND

The Wind collection, with its sharp, formal lines, is elegant and unpretentious, and is designed especially for the growing number of people who love simplicity.

MORPHING

The collection 'with a difference'.

Having already received multiple international design awards including the Good Design Award 2011 and the ADI Design Index 2011, the success of the Morphing Collection looks set to continue. Drawing on references from the traditional 'bathtub on legs' the Morphing Vasca bath is totally innovative in form yet still has a classic aesthetic. From the designer Ludovica+Roberto Palmomba: "We drew inspiration from some classical shapes and made them contemporary by using innovative materials such as Cristalplant®". Zucchetti.Kos has recently expanded the range of the Morphing Collection to offer the washbasin and bath in different coloured options including all white, black & white and red & white versions.

ELEMENTI

A FINE FINISH!

After years of chrome dominating as the must-have metal, there has been a move away from the high shine, perfect finish of chrome towards finishes like Nickel and black, that are glamorous without being ostentatious. Always at the forefront of emerging trends and the latest design innovations from Europe, the ELEMENTI Uno tapware collection is now available in a chrome, nickel and black finish offering a complete design solution for your bathroom.

UNO CHROMA

UNO NICKEL

UNO NERO

Verona sophisticated framed glass showering

Complement your bathroom with a luxurious feel, accentuate your visual space with our latest elegant and sophisticated framed Verona shower enclosures.

ELEMENTi

Shower Tray

Proven Design

The safety seal tray design is the result of 10 years of research and development resulting in a product that has proven performance in the New Zealand market.

Front edge safety lip

Safety Lip

A 5mm Safety Lip on the front edge of the tray, creates more surface to silicone preventing leakage from under the door or extrusion.

Rear Upstand

A 40mm upstand at the rear of the tray and interlocking side channels ensure water stays within the tray. Doors and liner are fitted within the tray so water flows back into tray while in use.

Reinforcing

Trays are reinforced with timber and backed with fibreglass to ensure self supporting rigidity.

Shower Glass

Safety First

To ensure ultimate safety all Elementi shower enclosures are fitted with 6mm safety glass doors to AS/NZS 2208 standard.

Easy Clean NANO Protected Glass Technology

NANO glass (ClearShield) has been specially developed by Ritec using advanced NANO technology creating a non stick surface. This award winning technology makes glass easier to clean and resists staining and discolouration. Simply squeegee and walk away with no need for harsh abrasives on the glass.

Ordinary glass

NANO protected glass

Shower Doors

New Patented Clip Together Assembly

Corner locking levers eliminates needing to drill and screw into the wall profiles and can be easily adjusted when required, this is a great feature in new house installations where some wall movement may happen, the frame can simply be readjusted

A Taller Superior Door

Having a 1950mm high door is more user friendly for taller people and allows a higher position for the shower rose. Doors are also fitted with large chrome handle

Smooth Door Rollers

Smooth running lockable stainless steel double top rollers and spring loaded double bottom rollers provide effortless performance. Doors are also fitted with magnetic seals.

Easy Clean Fittings

Removable rollers and door seals also allow for easy cleaning.

Minimalistic Design

The Square 2 sided shower enclosures also offer a modern minimalistic design with less extrusion for easy cleaning

Wall Liner

Quality European Capped ABS Acrylic Liner

Unlike pure Acrylic and Chinese wall liners, European Sanitary Grade Capped ABS Acrylic sheet is more stable, has excellent moulding capabilities, is high gloss, and is impact and scratch resistant.

2mm thick sheet is used for both flat wall liners and moulded wall liners.

Extended Shower Height

All Elementi shower liners are extended height (1950mm) to allow for the taller customer to set their shower outlet at a comfortable height

Simple Installation

Patented Quick Fix System

Installing a Elementi shower has never been so easy, and can be quickly adjusted without leaving unwanted and unsightly drilled holes. New patented locking technology eliminates the need for drilling holes and using fixing screws to hold the shower door to the wall profiles. This patented design will save you time and money.

With a simple push of the lever your Elementi shower is locked and fitted into place.

Rest Assured

10

10 Year Warranty*

Elementi showers carry a ten year warranty from date of purchase. The most comprehensive warranty of all showers sold in New Zealand.

WITH THE NEW WEBSITE NOW LAUNCHED, THE EXPLORATION OF NEW WORLDS AND EXCITING POSSIBILITIES COULD BEGIN...

Finding the joy in little things

The Postit (Cartometro) Toilet Roll Holder is for those of us who find joy in the little things. This amusing toilet paper holder will add comedic relief and unwavering functionality to hip bathrooms. As the toilet paper roll gets lower and lower, this clever holder captures the tongue-in-cheek panic a user might experience once the paper runs out. Equipped with reliable mounting hardware, the sturdy holder promises to withstand daily use; keeping your toilet paper sanitary and conveniently located.
