The hand shower kit has a three-spray-hand feature that is extremely adjustable and offers you over one setting. You can soothe with a soft spray or wash with a cold rain-like spray and then switch back and forth between the two to obtain that stimulating touch you require. The kit offers complete shower indulgence.

Splash Lux handpiece comes with three various spray modes: Soft Rain, with big nozzles for an outer spray, Soothe, with tiny nozzles for a focused soft spray, and Rain + Soothe, which is a combination of the two for a full water spray. All this can be made possible since you can get to customize it using the ShowerPro so that you can adjust your showering experience to suit your mood and your needs.
