The Elementi Orza Basin Mixer offers a sophisticated mix of sophisticated style and innovative features as a design centerpiece in any bathroom. The contrast between new, flowing curves and level linear profiles on the spout and handle produces a sophisticated and luxurious look, making your bathroom a haven. Choices are chrome, brushed nickel, gun metal, and black finishes, which blend with the aesthetic and texture of any industrial or modern bathroom.

Dedicated for household and light business use, the Orza Basin Mixer is perfectly designed for hotel kitchen, bathroom, and laundry facilities, motels, and retirement villages. This mixer, which has 3-star WELS with low/unequal pressure (8 litres per minute) and 4-star WELS with mains pressure (7.5 litres per minute), has the most efficient water without affecting its function.

With built-in check stop ball valves for extra ruggedness, the Orza Basin Mixer boasts Intelligent Valve Technology (IVT) that ensures even water flow and silky smooth operation. With simple control and wide operating angle through premium cartridge technology, the mixer offers simple use. The silky smooth finish of the mixer, thanks to premium plating, provides a hard and durable surface.

The Orza Basin Mixer is BPIR - B2.3.1 Durability and G12 Water Supplies certified, thus it will be durable and long-lasting in the future. Supported by a 5-year guarantee on the coloured finishes and a 10-year guarantee on the chrome finishes, the basin mixer is the perfect solution for anyone seeking to enhance the appearance and functionality of their bathroom.
