The Elementi Uno Mains Pressure 35mm Cartridge Shower Mixer is the ultimate fusion of contemporary design and excellent functionality with a fashionable, yet discreet, solution to your bathroom needs. As one of the coolest Uno designs, this mixer has a chic, contemporary streamlined design that provides the perfect measure of glamour over understatement. It moves away from high-gloss chrome finishes that dominated bathroom decor in the past to more mature alternatives in Brushed Nickel, Brushed Brass, Gun Metal, and Black. They are very elegant yet flexible enough to blend into a lot of varied bathroom styles.

Manufactured with Intelligent Valve Technology, the Uno shower mixer has high-performance valves that are designed to be able to handle New Zealand conditions to endure the test of time and deliver reliability. With advanced cartridge technology, it offers effortless control through smooth operation and wide angle for simple adjustment of flow of water.

Crafted from lead-free materials, this mixer complies with global standards of safety for clean and safe water for you and your family. Uno mixer is further protected by 5-year color finish guarantee and 10-year product guarantee that instills unflinching confidence with every use. Main pressure compatibility it provides you offers you a rigid, consistent supply of water to improve shower experience even more.

Its flawless finish and designer appearance make the Elementi Uno Mains Pressure Shower Mixer the perfect attraction for those who desire style, functionality, and dependability. For residential or commercial use, it is a luxury to any bathroom.
