The Elementi Due [dù-e] Basin Mixer in Brushed Nickel is a perfect blend of durability and style. Made from high-quality grade 316 stainless steel, this mixer is built to withstand the test of time, offering great resistance to corrosion, whether it's used indoors or outdoors. Its sleek, modern design and brushed nickel finish make it a versatile choice for any contemporary space.

This mixer is not just about looks—it's engineered for efficiency and smooth operation. With intelligent valve technology designed specifically for New Zealand conditions, it provides a reliable water flow every time. Plus, with a 5-star WELS rating and a flow rate of just 6L/min, it delivers excellent water pressure while conserving water.

The Due Basin Mixer also features a check stop to prevent backflow, ensuring clean, safe water. It's lead-free, meeting international safety standards, and its flawless brushed nickel finish is built to last. Whether you're installing it indoors or in an outdoor area, this mixer is designed for flexibility.

With advanced technology that provides effortless control and a long-lasting, durable finish, the Elementi Due Basin Mixer is a smart, stylish choice. Plus, with a 10-year guarantee, you can count on its performance and quality for years to come.
