The Elementi Due [dù-e] Shower Mixer combines modern style with practicality, making it a perfect addition to any bathroom. Made from high-quality grade 316 stainless steel, this mixer is built to last and can withstand both indoor and outdoor conditions. Known for its excellent resistance to corrosion, it's designed to maintain its sleek, polished appearance for years to come.

With its contemporary design, the Due Shower Mixer effortlessly complements any bathroom, adding a touch of sophistication to your space. The advanced plating process ensures a flawless finish that will stand up to daily use without losing its shine. Plus, its intelligent valve technology, designed specifically for New Zealand's conditions, ensures smooth and reliable operation every time you use it.

This shower mixer is also designed for mains pressure systems, making it suitable for a variety of homes and commercial spaces. It's lead-free, meeting international safety standards, and features advanced cartridge technology for easy, precise control.

The Elementi Due Shower Mixer is versatile enough for both indoor and outdoor installations, giving you flexibility in your design. Backed by a 10-year guarantee, you can trust in its long-lasting performance. Plus, the coloured finishes come with a 5-year protection.

Whether you're updating your bathroom or outfitting an outdoor space, the Elementi Due Shower Mixer is a stylish, durable, and reliable choice that blends form with function.
