Victoria + Albert IOS Vessel Basin (540 x 360 x 125mm) is the definition of style, functionality, and luxury blended in one, adding a streamlined appearance to a compact size. The sophisticated, sleek design forms an oasis of serenity in your bathroom, turning the bathroom into a relaxing haven. Produced using QUARRYCAST®, a combination of finely milled volcanic limestone and resin, this basin is built with 100% one-piece construction so that it becomes durable and aesthetically appealing. Hand-finished, the product is teeming with naturally pleasing characteristics such as smoothness and elasticity.

Ideal for residential and commercial use, the IOS Vessel Basin is simple to mount in a variety of applications, from high-end residential properties to hotel showers and other commercial establishments. Its indoor and outdoor mount feature lends itself to unlimited design freedom.

The IOS basin also boasts a repairable surface—lightly scratched in the QUARRYCAST® surface can be simply restored and re-polished to have the basin like new, in the same as-first-opened condition. With or without tap hole and crisp, modern appearance, the IOS basin brings urbane chic to any bathroom or commercial installation.

Its 25-year warranty ensures the Victoria + Albert IOS Vessel Basin promises to stay flawless and resilient for decades. At just 7kg, it's a doddle to fit but unexpectedly durable. Even the outside of the basin can be painted or customized to your taste. British-owned and South African designed and made, this elegant basin provides relentless perfection along with enduring desirability.
