	Universal Waste	Suitable for washbasin with and without overflow

The Elementi Universal Basin Waste 32mm is a practical, yet stylish, addition to the bathroom, with added style and functionality. Suited to fit over basins with or without overflows, the waste is the ideal solution for most basin configurations. The waste comes with a chrome cap, providing a sleek, streamlined look. The cap styles are also supplied in Interchangeable Brushed Nickel, White, and Black so that you can style the look to match your bathroom decor.

Perfect for home or commercial use, this trash is built to deliver and stand the test of time. It has a watertight gasket for leak-free, secure closure and an H-Lock system for effortless flipping between the "Click" and "Always Open" positions for added convenience and versatility.

This is a universal waste that is made to be functional, so you can use it with so many various types of washbasins, with or without overflow. That 1-year warranty provides you with that assurance, knowing the quality and durability of this product.

Whether remodeling your bathroom or fitting out a commercial building, the Elementi Universal Basin Waste 32mm is a combination of superior performance and cutting-edge design to be an outstanding feature for any contemporary bathroom.
