Carrara Marble  
Made with Carrara Marble from Tuscany, Italy.

Natural Materials  
Marble is a product of nature and as such is prone to variations in colour, shade, pattern, texture, density, scratches & chips. All of which are inherent in such natural materials.

The Parisi Loom 1400 Wall Cabinet is the epitome of luxury hardware, marrying riches with functionality to your bathroom. Drawing inspiration from the lovely art of weaving a piece of cloth, the Loom Collection is handcrafted with meticulous attention, each piece being heavily carved, sanded, and buffed to produce an intimate, high-gloss finish. The hip Black Walnut finish, paired with lovely Carrara Marble top, is a modern yet always-chic look that will add a touch of sophistication to any bathroom.

For people who value beauty and longevity, Loom 1400 Wall Cabinet is made of marine ply, which is tougher and more resistant to dampness, so it can stand up to the rigors of everyday life. The two basins provide ample room for functionality, and the top in imported Tuscany, Italy Carrara Marble adds a touch of elegance. As it is natural material, every marble top will be different, and thus colour, pattern, and texture, so every vanity is a one-off item.

For added convenience, the cabinet also has a soft-close drawer system pre-fitted, which is constructed using Hettich soft-close technology to ensure quiet and smooth operation. Top drawers feature a divider/organizer, ideal for placing toiletries in one place and having them sorted out. The product further features an overflow protection and two tap holes, for convenience and versatility in the bathroom.

With a 10-year cabinet and 1-year marble top warranty, Parisi Loom 1400 Wall Cabinet is a fashionable and long-lasting accessory for any contemporary bathroom.
