The Apaiser Eclipse Vessel Basin (600 x 450 x 170mm) is a stunning item that is inspired by the natural elegance of cockle shells on the shore, and it will be an eye-catching feature in any luxury bathroom. This basin was originally created for a luxury, five-star resort and was designed by the apaiser Studio, and it has sophistication and artistic charm. The three-sided style perfectly mimics the natural curve and flow of the ocean, creating a warm central focal point in your bathroom.

With painstaking detail, the Eclipse Basin is carefully crafted using apaiserMARBLE®, an eco-friendly material containing Australian minerals and made of as much as 90% recycled marble. Lighter than natural stone yet maintaining higher strength and durability, the eco-material boasts not just rich looks and texture but also superior thermal properties, with the surface being warm to the touch for a decadent experience.

Aside from the beauty, Eclipse basin is safe and natural since it is produced without added silica or toxic products, making it a guilt-free choice for use in your household. The substance also has intrinsic slip resistance for added safety, while the luxury appeal of the basin is kept intact.

Perfect for indoor or outdoor mounting, the Eclipse Vessel Basin is backed by a 5-year warranty for its long term and hassle-free functionality. Weighing approximately 15kg, it's a stylish and heavy-duty option for any bathroom that combines innovative design with masterful craftsmanship to provide an enhancing touch to your ambience.
