Make a statement in your bathroom with the Elementi Bare Concrete Square Vessel Basin. Designed for modern spaces, the basin combines the rugged natural charm of concrete with muted pastel hues to create a striking focal point. The basin is painstakingly handcrafted one by one, so each is slightly unique and is perfect for those looking for the genuine industrial but refined aesthetic for their bathroom. Available in 12 gorgeous colours, you can pick the perfect colour to match your décor.

With a spacious design, this vessel basin measuring 470 x 340 x 110mm can be used in domestic and light commercial installations and is ideal for the bathroom of residential homes, hotels, motels, and retirement villages. Constructed of Engineered Cementitious Composites (EEC), this basin is stronger and more resistant to damage and cracking than standard concrete. Heat- and stain-resistant sealer ensures durability and attractiveness and also makes the surface highly scratch-resistant.

Weighing 17kg, the Bare Concrete Square Vessel Basin is heavy, with a solid, high-quality feel that will last the test of time. And, being New Zealand designed and manufactured, it's a reflection of its high-quality construction.

Backed by a 5-year warranty (2 years hotel and public areas, excluding discolouration and natural pitting), this basin is a sure thing for form and function. Elevate your bathroom design with this innovative, hand-finished basin and revel in the marriage of art and engineering.
