BPIR - Scope of use

Wall basins are primarily used in bathrooms and washrooms for handwashing and personal hygiene, offering a space-saving solution ideal for residential, commercial, and public restrooms where floor space is limited. Vessel basins are widely used in residential and commercial bathrooms to create a stylish, modern focal point, often chosen for their aesthetic appeal and suitability in vanity or countertop installations.

BPIR - B2.3.1  
Durability

This product complies with Building Code Regulation B2.3.1 Durability

The App Collection showcases a collection of bathroom furnishings characterized by soft and rounded lines that offer a contemporary reinterpretation of two great classics. The sophisticated design is meticulously crafted with attention to detail and careful consideration of proportions, making it versatile enough to suit a wide range of settings, from domestic spaces to contract environments.
